Description of Work Done

This week, I focused on solidifying the project scope and ensuring alignment with the course requirements. I completed the initial proposal draft, set up the GitHub repository. The main challenge was deciding on a feasible yet impactful project idea; after feedback, CityScope was finalized.

Repo Check-In of Implementation Completed

The files and folders I have checked into the repository are as follows:

- **Documents/** – Project proposal draft (PDF), initial progress report draft, Progress report 1.
- **Implementation**
- **Misc**
